

2024 LAND LEASE APPLICATION

Dear Applicant:

We are pleased to offer the included Forms of Application for a Land Lease as you recently requested. The Florida East Coast Railway Company has served the citizens of our State, on its current alignment, for more than 100 years. They have had the good fortune of experiencing both a growing need for an efficient goods transportation service, and a leadership with the foresight to properly manage the physical plant and real properties of the railroad business. No small part of that foresight is the need to accommodate the needs of individuals, partnerships, corporations and governmental entities, such as yours, in the service of your customers. After all, it is most likely that you or your customers are to some extent a customer of the FEC Railway directly, or indirectly.

The founders and their successors of the Railway were in a position to have acquired the right-of-way by Fee Simple instruments. The property is thus private, just as those things you own are private to you. To accommodate your needs we will consider granting a specific non-exclusive license for use of our property. We will accept an application package when submitted with the following: current year application (completely and accurately filled out), plan/sketch, aerial view (11"x17" in U.S. Survey feet) and applicable fees. Handholes, utility installations and planned improvements are required to be shown on your plans. Commonly, we are able to offer a form of agreement in

response to a complete and correct application package in approximately 8-10 calendar weeks. The yearly rent is determined based on the size, length, location and use of the property. Applications will be processed as quickly as possible.

Applications will not be processed if they are not completely and correctly filled out, are missing information, and/or re missing the non-refundable application fees. The fee information can be found on the application page. The fees are non-refundable regardless of the outcome of the application. Multiple locations can not be submitted on one application. We will request an additional fee if the scope of the project requires outsourcing for additional engineering consultant review, a re-submitted application reflects a significantly different project, and/or has numerous revisions. All applications pending a requested correction, update or fees without resolution beyond 90 days will be closed. A new application package, including fees will need to be re-submitted.

A Certificate of Insurance must be provided in accordance with FEC's insurance requirements, before FEC will execute the Agreement. FEC's insurance requirements are attached to this application package and should be provided to the insurance agent to assure the certificate of insurance meets these provisions.

Sincerely,

Land Lease Administration
FEC ROW, LLC
